The Leadership Greater Washington Annual Summit is a member-exclusive convening that brings together 150–200 of the Greater DC region’s most influential leaders and decision-makers for a full day of learning, connection, and collective action.

The Summit creates space for leaders across sectors to level-set on critical regional challenges, exchange ideas, and collaborate on forward-looking solutions. Through a dynamic mix of expert-led panels, interactive sessions, and facilitated dialogue, participants will explore pressing issues shaping the Greater Washington region—including workforce development, mental health, affordable housing, and other emerging priorities.

Rooted in LGW’s 40-year legacy of developing civic leaders, the Annual Summit harnesses the unmatched strength of our network: leaders who are not only accomplished in their fields, but deeply committed to stewarding progress across the region. The Summit reflects LGW’s belief in the collective power of leadership—bringing together diverse perspectives to move from insight to action.

The LGW Annual Summit is more than a convening—it is a platform for impact, a catalyst for collaboration, and a moment to align great minds around a greater purpose. As the Greater Washington region continues to navigate complexity and change, the Summit provides a roadmap for how leaders can come together to shape what’s next.

About Leadership Greater Washington

Our Purpose: Advancing Collective Leadership for Regional Impact

Leadership Greater Washington (LGW) is a catalyst for regional impact, bringing together leaders from diverse backgrounds, sectors, and communities to build the relationships and shared understanding necessary for lasting change. Founded in 1986, LGW advances its mission **to bring leaders together to make positive community impact in the Washington metropolitan region** by equipping leaders with the knowledge, networks, and collaborative frameworks essential to addressing the region’s most persistent inequities and opportunities.

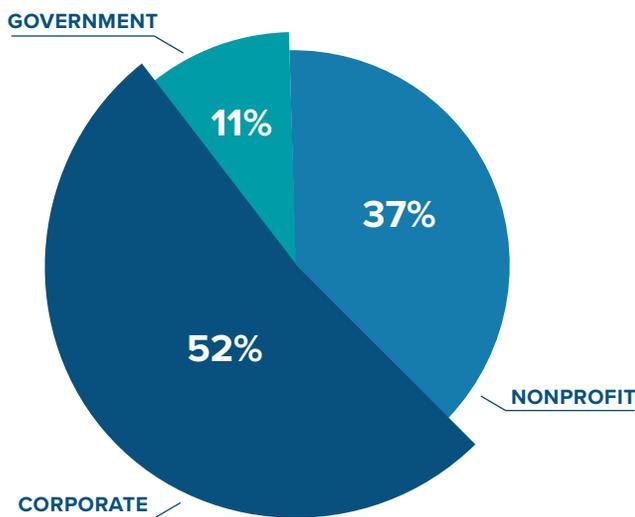

Our vision—a more dynamic and collaborative region powered by engaged leaders—comes to life through programs that deepen cross-sector partnership, elevate diverse voices, and mobilize leaders to act collectively. By supporting LGW, funders invest in a **stronger civic infrastructure for the Greater Washington region** where leadership is connected, community-centered, and prepared to drive meaningful, long-term impact.
